The first lift of pavement will be finished on Wednesday, October 2nd. While paving is going on, detours and delays are expected. Please use caution while driving thru the construction project. **Once streets have been rolled and the bituminous has cooled, the pavement can be driven on. However, please avoid parking or turning your wheels sharply on the new pavement, if possible, as this can leave marks, especially in hot weather.**

Black dirt will continue this week in preparation for the seeding contractor to come in and stabilize the disturbed areas. Dormant seeding will be applied once the ground temperature drops. This will likely be mid to late November but is weather dependent.

**If you are interested in receiving future Project Updates by e-mail, please send your name, property address, and e-mail address to Julie Brinkman at [jbrinkman@sehinc.com](mailto:jbrinkman@sehinc.com).**

Please remember that schedules can change at a moment's notice because of weather, delays by subcontractors, or other unforeseen events.

Thank you for your continued patience and cooperation. If you have any questions or concerns, feel free to contact me.
